# NEW CREATION FOR BETTER SPACE VALUE

The value of a product that is made directly with the techniques and knowhow of Bestuhl is highest when the product is both an expression of beauty in the work space and of the user's ultimate comfort. The value of the product goes beyond the sum total of time spent and techniques used to complete an individual product and goes to the heart of the Bestuhl ethos. Experience directly this ethos of the beauty and comfort of various designs, colors and textures those brought to you by Bestuhl.

# QUALITY DESIGN CRAFTSMANSHIP GLOBAL STANDARD

The depth and breadth of our experience allows for the manufacture using many unseen components. We insist on a persistence about high quality that is based on long employed and trusted techniques. It is also based on systems that form the foundation of Bestuhl. These elements are seen and found throughout Bestuhl's quality products everywhere. The design solutions that Bestuhl shows go beyond visual beauty. A new product's design solution becomes a medium to communicate intimately with the essence of a workspace. Bestuhl shares this philosophy of design with people who empathize with us and wish to experience it.

Through its spirit of creative in-house craftsmanship, Bestuhl studies and produces key components directly. Bestuhl actively develops and produces products that present the ultimate user experience while maintaining the highest levels of quality. Also, Bestuhl is in accordance with all manner of global standards tests such as Greengard, BIFMA, EN 1335 certification, among many others.
